

CL-OEM-HV-120 High Voltage Power Supply

PARAMETERS

Model	CL-OEM-HV-120/CL-OEM-HV-120-RS
Maximum output voltage option	4.0 kv
Output voltage range	1.5kv~4.0kv(Different drivers choose different ranges of high voltages) ±1.4 kv~±2.0kv(Different drivers choose different ranges of high voltages)
Function	Power supply enable control, high voltage test voltage output, power supply overtemperature protection indicator, RS232 control (RS version)
Maximum output power	120 W
Power input	24 V DC, <140 W
Size(L × W × H)	170 × 130 × 40 mm
Installation dimension	160 × 120mm or 160 × 100mm
