

CL-PCD-HV Series High Voltage Power Supply

PARAMETERS

Model	CL-PCD-HV-80	CL-PCD-HV-120
Maximum output voltage option	4.0 Kv	4.0 kv
Output voltage range	1.5kv~4.0kv(Different drivers choose different ranges of high voltages)	1.5kv~4.0kv (Different drivers choose different ranges of high voltages) ±1.4 kv~±2.0kv (Different drivers choose different ranges of high voltages)
Function	Power enable control, high-voltage display, high-voltage control knob, Pucker box drive power supply	
Maximum output power	80W	120 W
Power input	AC 200V	
Size(L × W × H)	285× 220 × 88 mm
